# TERMS AND CONDITIONS

## UNIFORM TRADE TERMS OF THE AMERICAN ASSOCIATION OF NURSEYMEN

All Invoices payable net 60 days from date, with discount 2% 10 days, 1% 30 days.

For cash with order deduct 3% cash discount.

All prices are for goods in Nursery, Packing extra (except on Scions, Seedlings, etc., as noted).

No claims for rejections or deficiencies will be entertained unless made within ten days after arrival of goods.

### SHIPMENTS

Please state how you want your shipments made, whether by freight or express; also route. Where no instructions are given, we will ship as we think best serves your interests without assuming responsibility.

THE RISK AND COST OF TRANSPORTATION BELONG TO PURCHASER.

### CREDIT

Uniform Trade Terms to parties of known responsibility. We will not accept orders until we believe the buyer is good for the account. Cash before shipment required from parties unknown to us, or references with sufficient time for investigation before shipment.

### PRICES

We quote prices per 100, and per 1,000, as our stock warrants, and will supply nurserymen and dealers at prices named regardless of the size of the order, except in cases of long assorted lists of small quantities, when an additional charge will be made to cover the extra labor involved. PRICES ARE SUBJECT TO MARKET CHANGES.

### REFERENCE

For those who do not know us we refer to any bank or business house in Huntsville, the Commercial Agencies, and the leading nurserymen of the United States.

### SPECIAL NOTICE

This list is intended for the TRADE ONLY. If it reaches people NOT ENTITLED to Trade prices, we will thank any Nurseryman or Florist to advise us, so that our mailing list may be corrected.

We do not employ agents. We do not pack dealers' orders on our grounds, and do not authorize dealers to use our name.

### BUNCHING

Fruit Trees, 1 to 2, 2 to 3, and 3 to 4 feet, are tied 25 to the bunch; all larger grades, 10 to the bunch. Please make your orders in multiples of these quantities.

WE PREPAY FREIGHT CHARGES to our distributing points—St. Louis, Mo., Rochester, N. Y., and Philadelphia, Pa.,—when shipments can be included in our regular car lots to these points.

TERMS AND CONDITIONS CONTINUED ON THIRD PAGE OF COVER

Free of all root troubles, smooth and handsome. The two lighter grades beautiful stock for mailing purposes.

The 3 to 4 feet and smaller grades, are tied in bundles of 25's, others in 10's. The small grades are culled as carefully as the large trees. All overgrown butts are consigned to the brush heap, consequently the little fellows are first class for mail trade or for lining out.

WILSON.—Discovered on the Wilson (Travis) ranch near Cory, Delta county, Colorado. Probably a sport from Moorpark. Compared with Moorpark it is seven to ten days earlier. Flesh is deep color; cheeks show more red; quality is richer. Larger than Moorpark.

BUNCHING:—Fruit trees, 3 to 4 feet and smaller, are tied 25 to the bunch; all larger grades, 10 to the bunch. Please make your orders in multiples of these quantities. We must make a small extra charge for breaking bunches. Read "Prices" on inside front cover page.

BROAD-LEAF EVERGREENS.—Never before have we offered as complete a list as you will find herein. Landscape architects should particularly note the Aucubas, Pyramidal and Globe-shaped imported Box Plants, Mahonia Japonica and Rhododendrons. This stock has just arrived from Holland in prime condition.

## TRANSPLANTING STOCK

A good portion of this lining out stock is of our own propagation. Where the grade is shown as 8 to 15 inches it usually indicates imported stock bought for 1 to 2 feet. We list it as 8 to 15 inch, because the foreign grades do not always run 1 to 2 feet; this stock will show up a little better than you expect.

Prices include boxing; make orders in multiples of 100 please.

# NURSERYMEN'S SUPPLIES

## PROMPT SHIPMENT

All supply orders (except printed matter) are usually shipped next train after receipt. We try to carry a complete stock at all times. Our location at Chase gives us unsurpassed facilities for quick action on rush orders—two lines of railway, ten trains per day stopping here.

## KNIVES

Made especially for us by a manufacturer who is "fussy" about the quality of his output. Have used and handled these knives for twenty years.

**PRUNING—Chases' Flat Handle Pruner**—The strongest pruning knife made, handle composed of two halves hardwood riveted through the blade which extends full length, see cut above. Full length 7¼ inches. If you can break the handle on this knife we will replace it without cost. The metal is high-class. Price, 35c each, \$3.50 per dozen postpaid; \$3.20 per dozen by freight or express.

**PRUNING—C. A. G. Pruner**—Stationary handle; full length 8 inches, length of blade 3¾ inches. Handle, hardwood; blade entered deep and fastened by tang through full length of handle, making a strong knife. 30c each, \$3.20 per doz., postpaid; \$2.85 per dozen by freight or express.

**GRAFTING—C. A. G. Grafter** (¾ size)—Our sales on this knife to satisfied nurserymen and florists are more than five hundred dozen. It is more knife for grafting and general use for the money, than any on the market. Makes a good serviceable pocket knife. Cocoa handle; 25c each, \$3.00 per dozen, postpaid; \$2.75 per dozen by freight or express.

Oklahoma, January 4, 1916—"Please send us three more pairs French shears, six-inch, the more we cut with them the better we like them."

**WHEN YOUR SPRING RUSH IS ON**, and you are running short of stock, remember our location for quick action on rush shipments is unsurpassed. Two lines of railroads at our doors. "Hurry" is our "middle name" on rush orders.

**BUDDING—Wostenholm I-X-L Ivory Tip ( $\frac{3}{4}$  size)**—The best budding knife we know of, and strong enough for an all-purpose knife. 75 cents each, \$8.25 per dozen postpaid; \$8 per dozen by freight or express.

**BUDDING—Chase's Special Ivory Tip—A** mighty good budding knife; next to the Wostenholm, it is the best ivory-tipped knife we can find; in appearance almost exactly like Wostenholm; 60c each, \$6.50 per dozen, postpaid; \$6 per dozen, by freight or express.

**BUDDING—Stationary Budder** (Blade does not fold)—Note shape, size and "hang" of blade, made for budding, but not as convenient for the pocket as the others. 25 cents each, \$2.50 per dozen, postpaid; \$2.25 per dozen by freight or express.

## WETSTONE

The best for budding and grafting knives.  
15 cents each, postpaid.

## PRUNING SHEARS

**AMERICAN MAKE, 9-inch**—This is a heavy, well made pruning shear, with volute steel spring. The best low priced, all around pruning shear we can find. Weight per dozen pairs, 11½ lbs. 65 cents per pair, postpaid; per dozen pairs, by freight or express, \$5.75; per half dozen, \$3.00; per pair, 50c.

## PRUNING SHEARS—Continued

**THE WATCH SPRING FRENCH SHEARS** stand at the head of the list for making cuttings of all kinds. For cutting back seedlings to the bud or any heavy work the 9 inch is recommended.

**WATCH SPRING, FRENCH, 9 inch**—Per pair postpaid, \$1.70; per dozen pairs freight or express (weight per dozen pairs 11 lbs.), \$17.00.

**WATCH SPRING, FRENCH, 8 inches**—Per pair postpaid, \$1.35; per dozen pairs, freight or express (weight per dozen pairs, 7 lbs.), \$14.50.

**WATCH SPRING, FRENCH, 6 inches**—Per pair postpaid, \$1.00; per dozen pairs, freight or express (weight per dozen pairs, 5½ lbs.), \$10.75.

Extra springs for the  
Watch Spring French  
Shears, postpaid, 20c.

Easily put in  
place.

**LADIES' ROSE AND PRUNING SHEARS, 6 inches.** "Made in America" and, in our judgment, the best Ladies' Pruning Shears. Beautifully finished, shaped just right, high quality throughout. For all light work, for use around the roses, shrubs, etc., it just fills the bill.

Per pair, postpaid .....	\$0.75
Per dozen, freight or express .....	8.25

**AMES NURSERY SPADE**—D handle, double strapped full length of handle, tapered nursery spade; size of blade 12¾ x 7½ x 5½; weight, 9 pounds. \$1.50 each, \$18.00 per dozen. Spade Handles for above spade: These handles are bent to fit and riveted. 40 cents each, \$4.50 per dozen.

**BOX LINING PAPER**—This paper is tough, resists a good deal of moisture, almost waterproof. Helps keep out heat as well as frost, protects contents of box from drying winds. Put up in rolls, 30 and 36 inches wide, about 100 pounds in a roll. We cannot break rolls. Per pound, 4½ cents.

**NURSERYMEN'S SUPPLIES.**—We strive to carry all items herein listed in stock at all times, and give supply orders special rush service.

**IMPROVED TREE GAUGE**—Price, any quantity, 50 cents each. Made from “Sheradised” steel (a new process of treating steel); absolutely rust-proof; both sides marked alike; always right side up; guaranteed accurate to within one-hundredth of an inch; indestructible; easy to read.

Price per box 20 balls waxed.....	1.90

(If mailed, add 2c ball unwaxed and 5c ball waxed.)

The opposite illustration shows a ball of our grafting thread with a pencil run through the hole in the center. Many nurserymen prefer to suspend the ball of grafting thread from a wire to be unwound as it is used. We prefer to keep the grafting thread in warm water while it is being used, as described below. This can be used either way.

Put a ball of waxed grafting thread into a quart cup or pan (a tomato can will do) fill it half full of water and arrange over a lighted lamp or small oil stove to keep the water warm.

## GREAT GRIP NUT SHELLER

### A Real Nut Cracker

Not strictly speaking a nursery tool, but all nurserymen like nuts, and you have, like ourselves, used the old style nut crackers, pinched your fingers, smashed the meat of the nut all to pieces, lost your temper and damaged your religion. In offering this little implement we are really doing missionary work. It is a dandy. Beautifully made, will last a life-time; constructed on new and scientific lines. So arranged that the jaws with their great grip, never close fully; will receive a table nut of any size and variety, and crack the shell only, bringing out the meat whole. Will handle castana ("nigger toes") with the same ease that it shells a pecan. Heavily nickeled, an ornament to any table. Price each, postpaid, \$1.60; by freight or express with other goods, \$1.50. Money back without a word to any dissatisfied user.

## CHASE TREE COUNTER

### Still the Best Tree Counter on the Market

DESIGNED BY ROBERT CHASE

We now offer this great labor-saving machine in three sizes. These new machines are of the very latest type, extra heavy levers and springs, solid construction, heavily nickel plated. Guaranteed for three years. If for any reason a dial fails to work properly, send it to us to be put in order and returned without charge. The Chase Tree Counter is now used by most of the leading nurserymen.

Three-dial machine with 1,000 record cards, delivered.....	\$12.25
Four-dial machine with 1,000 record cards, delivered.....	14.00
Five-dial machine with 1,000 record cards, delivered.....	16.00
Extra record cards, correct size, printed like cut, 65c for 500; per 1,000, postpaid.....	1.10

Accurate, quick, no guess work. Place in the hands of a good man, and as he passes down the row he presses the lever which indicates the grade of the tree. When through with a variety, the dials show the total number of each grade in the block—the only method of taking a correct grade count in the field. One thousand record cards furnished with each machine.

# TERMS AND CONDITIONS—Continued

## GRADES

We grade liberally by caliper and height. When both are specified, caliper measure governs, but we are careful to see that stock is uniform throughout. Our rule is: "WHEN IN DOUBT, PUT IT IN THE LOWER GRADE."

All stock is graded and bunched in our storage houses, where we have water in abundance. Stock is handled from field to these buildings under large tarpaulins and roots kept moist until boxed.

## LIABILITY AND CLAIMS

We are not liable for injury to stock from frost, hail, fire, or other causes beyond our control, and book all orders with this understanding. While we use every means at our command to secure prompt delivery, WE ARE NOT LIABLE FOR DELAYS IN TRANSIT; OUR RESPONSIBILITY ENDS UPON DELIVERY IN GOOD ORDER TO RAILWAY COMPANY. Remedy for loss must lie between the buyer and the railway company, but we will gladly render all the aid we can. Any other claims must be made within ten days after arrival of goods.

## GUARANTEE OF GENUINENESS

We exercise the greatest care to keep our varieties PURE AND TRUE TO NAME, and hold ourselves in readiness at all times to replace, on proper proof, all stock that may prove otherwise, or refund the amount paid; but it is mutually agreed between the purchaser and ourselves that we shall not be liable for any amount greater than the original purchase price.

## SUBSTITUTION

We do not substitute unless instructed to do so, AND THEN LABEL TRUE TO NAME.

## CODE WORDS—TELEGRAPHIC ORDERS

When more than one grade of fruit trees is listed, a code word is used. Much expense can be saved in telegraphic orders by using these code words in connection with Nurserymen's Telegraphic Code, a copy of which will be mailed upon request.

## BOXING

Charges as low as possible for well-made boxes, paper-lined:

30x30-in. heads, 7 to 9 feet in length.....	\$2.50
24x30 in. heads, 7 to 9 feet in length.....	2.25
24x24 in. heads, 7 to 9 feet in length.....	2.00
18x24 in. heads, 7 to 9 feet in length.....	1.75
18x18 in. heads, 7 to 9 feet in length.....	1.50
15x15 in. heads, 7 to 9 feet in length.....	1.00
12x12 in. heads, 7 to 9 feet in length.....	.75

On orders for roses, small fruits, etc., we can frequently use drygoods cases or shoe boxes at lower cost, and shall endeavor at all times to make lowest possible charges.

Bales, 25 cents to \$1.50, according to size.

No packing charge if loaded in bulk car.
